BALDAI JUMS QUALITY POLICY

Joint Stock Company Baldai Jums is successfully working from 1994.

Company management and other employees continually care for production quality – it is an essential part of our business.

A company team undertakes by following:

- To propagate a quality policy in company and ensure a quality of products by teamwork.
- To orient our products and production to the best meeting of our consumer's needs.
- To review the quality policy annually.

JSC Baldai Jums quality policy is based by following principles:

- To create better value in products.
- To provide conditions to work qualitatively and productively for employees, to ensure social guarantees, safe and healthy work conditions.
- To improve the furniture production technology and take interest in technical innovations and apply it.
- To raise the qualifications of employees systemically.
- To collaborate with the material suppliers and partners which ensure good quality and fulfil our stated requirements.
- To continually improve the efficient system of quality management.

Our manufactured production is environmentally friendly. A company has the FSC certificate which confirms that wood was purchased from suitable managed forests where environmental protection and long-term economic benefit, and social welfare are being harmonized. There are usable eco-friendly and certified materials for furniture finish.

Depending on the customer needs and executing environmental-friendly program, our product is:

*The good and health (“renewed” raw materials and stocks, reprocess materials, materials without unallowable chemical substances which are well-ried, allowable to use and documented).

* It is safe to use (secure, not allergic, don't give off unhealthy substances).

* It is practical to use (right and clean package, easy to assemble, cleanable and maintained).

* Resistant and functional (suitable material, good processing, and resistant surface).
